

Importar biblioteca

In [1]:

```
import pandas as pd
```

Definir série de dados

In [2]:

```
data = pd.Series([10, 10, 1, 2.5, 3, 3, 3, 3, 8, 8, 5])
```

Calcular frequência

In [3]:

```
data.value_counts(sort=False)
```

Out[3]:

```
10.0    2
1.0      1
2.5      1
3.0      4
8.0      2
5.0      1
dtype: int64
```

Criar histograma

In [4]:

```
data.hist()
```

Out[4]:

<AxesSubplot:>
